THE PICTURE OF TRANQUILITY

SHANNON GARDEN

This English-style park is the picture of tranquility. Lined with ornate hedges, and live oaks and an iron-trellised entrance, this natural oasis will feature a beautiful fountain with reflecting pool, resting benches, decorative sculptures, a walking path, and two wide gathering lawns. Like our entire park collection, this park will be a perfect place for gathering with friends or family, or for enjoying a quiet moment gathering your thoughts.
